Nevada County Department of Environmental Health

Dear Mr. Nicks:

The California Environmental Protection Agency (Cal/EPA), Office of Emergency Services, Office of the State Fire Marshal, Department of Toxic Substances Control, and the State Water Resources Control Board conducted a program evaluation of the Nevada County Department of Environmental Health Certified Unified Program Agency (CUPA) on May 10 and 11, 2005. The evaluation consisted of a review of program elements, an in-office program review and field oversight inspections. The State evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff, which includes identified deficiencies, with preliminary corrective actions and timeframes, program observations and recommendations, and examples of outstanding program implementation.

Cal/EPA has received documentation of corrective actions taken by Nevada County Department of Environmental Health for the deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA finds that all deficiencies noted in the Evaluation Summary of Findings have been corrected.

Cal/EPA appreciates the actions taken by Nevada County Department of Environmental Health. Based on these corrections, Cal/EPA has modified Nevada County Department of Environmental Health's rating on the evaluation from satisfactory with some improvement needed to meets program performance standards.
